

DAVY JONES CS1694052

This is a smooth, high gloss clear coat with a heavy amount of vibrant, color-shifting metallic flakes. These intense color shifting flakes change between purple, blue, teal, and green colors. These chameleon flakes change their color with greater intensity compared with other chameleon/color-shift flakes.

**Product image features Davy Jones over a black base coat*

FEATURES:

- UV stable
- Great interior/exterior durability
- Intense color shift/flip effect
- High gloss
- Contains vibrant metallic flakes
- Black base coat recommended (is required to achieve look seen in product image)
