

KING'S BLOOD X1476081

This is a high-gloss red river/vein texture coating with gold highlights and gold sheen. This coating is unique due to the gold texture highpoints/highlights that are most noticeable in direct lighting and sunlight.

When applying river/peel powders, we recommend laying the powder slightly thicker to achieve the best texture finish and to avoid light spots once fully cured.

FEATURES:

- High-hiding characteristics
- Single stage coating (UV stable)
- Great exterior durability
- Contains gold highlights
- River/vein texture finish
- High gloss
- Salt Spray: 1000 hours pass (ASTM B-117)
- Recommended Bake: 10 Minutes @ 400°F Metal Temperature
