

## RIC FLAIR DRIP W0016985

This is a dark, high gloss coating with a heavy amount of vibrant, color-shifting metallic flakes. These intense color shifting flakes change between teal, light-green, green, and bronze-gold colors. Pictures and videos don't do this color justice, so order a swatch to see this coating in person.

*\*For best results, we recommend yelling "WOOOO!" while spraying this coating*
