

SILVER EXPANSE M1692071

This is a high gloss, deep black coating with a heavy amount of silver metallic flakes.

These flakes are subtle in the shade, and pop in the sunlight and in direct lighting.

This is a single stage coating that is durable in both interior and exterior conditions. There is no clear topcoat required. This coating has a high gloss level (90+%) and smooth finish.

FEATURES:

- Great exterior durability
- UV stable (does not require a topcoat)
- Contains silver metallic flakes
- Smooth finish
- High gloss (90+% gloss)
- Oil and fuel resistant
- Recommended Bake: 10 Minutes @ 400°F Metal Temperature
