

WEATHERED WALNUT X5021066

This is a mid-gloss, dark brown wrinkle coating with a nice texture finish. The brown color appears dark in low light environments and becomes more vibrant in the sunlight/direct light.

Wrinkle and Texture coatings are a great option to use for hiding imperfections on the part you are coating (small scratches, small craters, etc.).

FEATURES:

- High-hiding characteristics
- Single stage coating (UV stable)
- Great exterior durability
- Wrinkle/Texture finish
- Mid-gloss
- Salt Spray: 1000 hours pass (ASTM B-117)
- Recommended Bake: 15 Minutes @ 375°F Metal Temperature
