PRODUCT DESCRIPTION

KoatGuard AluminEtch is an industrial-strength brightener and cleaner designed to remove oxidation, tarnish, and stubborn grime.

PRODUCT SAFETY

Please refer to SDS for complete health and safety information

PRODUCT DISPOSAL

Chimical disposal policies and procedures vary by location. Please consult your local waste disposal authority.

PRODUCT USE

- Shake well before use to ensure a uniform mixture.
- Identify the cleaning area and protect adjacent polished or painted surfaces.
- For optimal performance, mix 1 part AB-50 with 10 parts water.
- Apply the diluted solution using a low-pressure sprayer or spray bottle in small sections.
- Avoid direct sunlight and prevent the product from drying on the surface.
- Allow the solution to sit for up to 5 minutes to effectively break down contaminants.
